

Bob Wedoff  
President & CEO  
LWG Consulting, Inc.

Robert (Bob) Wedoff is President & Chief Executive Officer of LWG consulting, an international firm that provides post-loss technical solutions to insurance companies, independent adjusters, attorneys and property owners. The company's four divisions specialize in forensic engineering, equipment damage assessment, high-tech equipment restoration, and cyber incident analysis. The firm's eighteen offices provide services worldwide, and are located in the UK, the United States, Canada, and Singapore.

LWG Consulting has actively served in analysis and recovery roles following a wide variety of historic profile disasters including the terrorist attacks on the US on September 11, 2001 and Hurricane Katrina, as well as more recent events like the Tōhoku earthquake and tsunami in Japan.

In his twenty three years within the industry, Bob has acted as a court-qualified expert witness on a variety of technology-related topics, and he has served as senior technical consultant to nearly every major commercial property insurance carrier in the United States and Canada. He has a Bachelors Degree in Biomedical Engineering, a Masters Degree in Electrical Engineering & Computer Science and a Masters in Business Administration.

He has lectured internationally at events sponsored by the PLRB (Property Loss Research Bureau), the LEA (Loss Executives Association), the IILA (International Institute of Loss Adjusters), Lloyd's and others.
